Roll Call Roll Call Mayor Sperry, Deputy Mayor Hannagan, Committeeman Owens, CFO Bowman, Clerk Uzdanic

The committee discussed the bulk sticker ordinance and will be proceeding with a \$5.00 sticker per item.

The committee will award the well testing quote at Tuesdays meeting to ALS as the lowest quote. Vineland Environmental said they could not quote at this time and Eurofins never responded.

Our maintenance person sent a quote to the committee for the carpets to be cleaned and they said ok to proceed. The quote was \$300.00.

Deputy Mayor Hannagan had a list of items to be discussed - He is getting a bid spec put together for the Municipal Building roof. The Garage roof just needs to have some tin put back on it. The Diesel tank at the fire house will be recertified. The temporary piping in front of the municipal building will be changed to a permanent piping so the drainage does not go down the driveway and create problems. The new garage needs an automatic door opener. The Road crew would like to get rid of the old Stake body truck. Emergency Management needs a new surveillance system and the Fire house needs the driveway redone.

The clerk explained her issues with the sewer permit this year. She had to send a note along with the results to explain the problem with listing the certified person for testing.
